Dear Valued Customers,

## Re: GST refunds on core returns

As per Canada Revenue Agency (CRA) revised their policy (GI-167) *Goods and Services tax credits (GST) on core returns*. CRA no longer allows the vendor to refund the GST portion of your cores return unless we have the customers GST registration number on file.

**If you do not submit your GST Number we are unable to refund you the GST portion you have paid on all cores purchased.**

Your GST number will most likely match your Federal Business Identification number, except for the GST identifier (RT0001) ex 88888 8888 RT001
